Showroom Update: Growing Our Residential Division

Since opening our showroom on May 15th, we've seen exciting growth within the residential side of Reed Building Supply. In just a few short months, we've welcomed **30+ customers**, quoted **50+ residential projects**, and helped homeowners, contractors, builders, and designers bring projects of all sizes to life. From kitchens and bathrooms to decking, flooring, windows, doors, and more, our showroom has become a place where customers can explore products, compare options, and get hands-on help with their projects. Our team has also completed **25+ kitchen/bath designs**, assisted with **more than 15 material planning/design projects**, and added **10 new products/brands/product lines** to better serve our growing residential customer base. As we continue to expand our products, design services, and capabilities, we're excited to see how far the showroom has come since May, and we're just getting started.

Inside Our Showroom - McKees Rocks, PA

Client Testimonials

"My experience working with Melissa and the team has been great! She is easy to work with, quick to respond, and delivers on the communication, knowledge, and competitive pricing I value in a building supplier. I've already recommended Reed to several roofing companies I work with for installs."

-Bob Archibald, Homebuyers of Pittsburgh

"Reed Building Supply is one of the trusted partners of Mohawk Construction & Supply. We can always rely on Reed Building Supply to have their quotes in on time, material delivered on time, and provide the customer service required to make projects run smoothly."

-Armand Dellovade, Mohawk Construction & Supply

On The Move

Check out a few highlights from our September deliveries! Proud to keep our customers' projects moving with reliable, on-time delivery.

Fall is Here!

Now is the perfect time to bring your projects indoors.

As cooler weather approaches, it's a great time to start planning those indoor projects you've been putting off. From **kitchen and bathroom updates to finished basements, flooring, cabinets, countertops, doors, and more**, Reed Building Supply can help you find the materials you need to get your project started before winter. Stop by our showroom and start planning your next project!

Coming Up At Reed

On **Wednesday, October 21**, we will be hosting a Meet and Greet at our showroom with **J.R. Bittner of Mistick Construction** and the **U.S. Minority Contractors Association**. This event is a great opportunity to network, make connections, and learn more about the construction community. **For more details about this event, check out our social media pages!**

Reed In The Community

The Reed team attended the 1st Annual Pat Quinn Memorial Golf Outing, hosted by **SteelPoint Foundation** at Chartiers Country Club. The event honors Pat's legacy of generosity while supporting **Kuntz4Kids** and its mission to empower youth throughout the Pittsburgh community. We were proud to support such a meaningful event!

Did You Know?

3 Buildings | 90,000+ sq. ft. | Local Delivery Fleet

Our growing footprint allows Reed Building Supply to do more than just supply materials. With extensive warehouse and storage space, we can stock materials, store products for upcoming projects, coordinate phased deliveries, and help keep jobs on schedule. Having the space, inventory, and delivery capabilities in-house allows our team to better serve projects of all sizes throughout the Pittsburgh area.
