Reed Building Supply In Partnership with Cambria Happy Hour Recap! CAMBRIA

On Thursday, August 20, we hosted a **Happy Hour in partnership with Cambria** at our showroom! It was a great evening of networking, product displays, and conversations with contractors, partners, and industry professionals. Thank you to **Cambria** and everyone who joined us and helped make the event a success. Congratulations to our **Amazon Gift Card winner, Mike Larson-Edwards from Massaro!** Be sure to **check out our social media pages for more photos from the event!**

Project Spotlight: RK Mellon Hall of Sciences

Built by Manheim Dellovade for Carnegie Mellon University

Reed Building Supply is proud to be supporting this project by supplying Siplast roofing materials, exterior metal framing, and exterior sheathing, while our Commercial Roofing Division is performing the roofing scope of work. As work continues on the project, we spoke with **Ryan Stienstraw, Project Manager at Manheim Dellovade**, about his experience working with the Reed team and what has stood out throughout the process.

"It was fantastic. Mike and Drew and everyone else that was involved, they were very good. Super responsive. You know, never left us hanging out to dry. So, yeah, the whole process has been as smooth as ever."

Reed In The Industry

CREW Coffee Connection August 12th

The Reed team attended the **Building Owners and Managers Association (BOMA)** of Pittsburgh Golf Outing on August 31 at Valley Brook Country Club. Aaron Reed and Maria Celmo had a fun day on the course with Chris Dunlay from PJ Dick and Sean Lach from Mohawk.

The Reed team attended the **Commercial Real Estate Women (CREW)** Coffee Connection on August 12 at Coop de Ville. These monthly meetups are a great opportunity to network and build relationships within Pittsburgh's commercial real estate community.
